Keith J. Droste
Tintic Utah Metals LLC
P. O. Box 51
Eureka, Utah 84628

Dear Mr. Droste:

Subject: Tintic Utah Metals June 18, 1997 Request for Permit Application Data on Two Geothermal Energy Facilities

We have received your request noted above for permit application data on the following geothermal energy facilities:
Mother Earth Industries (near Cove Fort)
Utah Power (near Milford)

As noted in our phone conversation on June 24, 1997, neither of these facilities has filed an Underground Injection Control (UIC) permit application, as they are authorized by rule. They may be permitted by the Utah Dept. Of Natural Resources, however.

Although we do not have permit applications on file for these two facilities, we do have extensive files on each. These files may be copied, if so desired, except for some confidential portions of the Mother Earth Industries file. If you wish copies of these files, please let us know.

Sincerely,

Gerald L. Jackson, Environmental Scientist
Ground Water Protection Section
